Berlin, January 11.

THE King of Prussia went last Week to a Boar-Hunting in Pomerania; and as he is in the Neighbourhood of Stetin, he has taken some Ingeniers with him to see if they can lay out a new Canal for the Convenience of the Trade of that Town: His Majesty is expected back here in three or four Days. Count Flemming is expected at Dresden very soon, but will go from thence to Vienna, and after a short Stay there, will return by Saxony into Poland.

Hague, Jan. 17. Prince Kourakin, the Czar's Minister residing here, has received Advice from Petersburg, that the Czar has named him to be one of his Plenipotentiaries for the Congress of Brunswick, as also Count Goloskin now residing at the Court of Berlin for another, and M. Osterman for the third. The States of the Province of Holland have had for these two or three Days under Deliberation the Affair of the Duties payable to their Admiralties, whose Commissioners are all here at present. It was at first proposed to alienate and farm Part of the said Duties: The Project now before them, is to alienate the whole upon some Proposals made by a particular Company, who offer to take them provided they may obtain an Oatroy or Grant for 15 Years, and some other Advantages; promising to pay for the said Duties, which yield now not above 14 or 1500000 Florins, four Millions of Florins a Year, besides some Millions before hand, and collect the said Duties according to a Tariff proposed some Time ago, which is now examining and reforming, lessening the Duties and having nothing prejudicial to the British or other foreign Trade; and there is great Probability this Design will take Effect.

Paris, Jan. 18. The General Assembly of the India Company which was appointed to be held on the 16th Instant, is put off to next Week. In the mean time they have frequent Meetings at the Duke of Bourbon's, in order to ascertain a Dividend to the Proprietors of the Actions, and to re-establish the Affairs of the Bank. An Arrêt was published Yesterday for prolonging the Time for the Payment of the Loan of the 105 Livres upon every Action to the 1st of next Month. Twenty of the General Farmers of the King's Revenues are gone into the several Provinces, in order to enter upon their Employments. Twenty others are to remain here, to whom those in the Provinces are to send their Accompts. The Duke of Antin having laid down the Office of one of the honorary Directors of the India Company, is going to retire into the Country. On the 15th Instant the Count Delaval, who had been detained in the Bastile ever since the

Disgrace of the Duke of Maine, was set at Liberty. At the Instance of the Parish-Priest of St. Sulpice, a new Lottery is to be established for the finishing of that Church; the Tickets to be one Livre each. It is reported that the King of Sardinia has made a Sort of Fortification round the City of Pignerol, the better to prevent the Communication of the Plague in those Parts. It is confirmed, that the Plague is not at Toulon, and that what gave Occasion to that Report was the dying of a whole Family very suddenly, but which has had no further Consequence.
