During the consideration of the proposal the Secretary of State may formally request further information from the developer to supplement the Environmental Statement, and materially relevant additional information may also be generated. If that happens further public notices will give advice on how representations may be made to the Secretary of State on this material.

Following receipt of all views and representations the Secretary of State will either grant or refuse consent for the proposal (with or without conditions). This may involve holding a public inquiry first, depending on whether there is a statutory objection from the relevant planning authority, or the Secretary of State decides to exercise his discretion to call a public inquiry in the light of objection by other persons.
