

(b) a variation from the said standard composition of five parts per thousand fine silver; and

(c) a variation from the said standard diameter of 0.125 millimetres per coin.

(3) The said silver coin shall be legal tender for the payment of any amount in any part of Our United Kingdom.

SILVER PIEDFORT COIN

4. (1) A new coin of silver of the denomination of five pounds shall be made, being a coin of a standard weight of 56.552 grammes, a standard diameter of 38.608 millimetres, a standard composition of 925 parts per thousand fine silver, and being circular in shape.

(2) In the making of the said silver coin a remedy (that is, a variation from the standard weight, composition or dimensions specified above) shall be allowed of an amount not exceeding the following, that is to say:

(a) a variation from the said standard weight of an amount per coin of 0.215 grammes;

(b) a variation from the said standard composition of five parts per thousand fine silver; and

(c) a variation from the said standard diameter of 0.125 millimetres per coin.

(3) The said silver coin shall be legal tender for the payment of any amount in any part of Our United Kingdom.

CUPRO-NICKEL COIN

5. (1) A new coin of cupro-nickel of the denomination of five pounds shall be made, being a coin of a standard weight of 28.276 grammes, a standard diameter of 38.608 millimetres, a standard composition of seventy-five per centum copper and twenty-five per centum nickel, and being circular in shape.

(2) In the making of the said cupro-nickel coin a remedy (that is, a variation from the standard weight, composition or dimensions specified above) shall be allowed of an amount not exceeding the following, that is to say:

(a) a variation from the said standard weight of an amount per coin of 0.13 grammes;

(b) a variation from the said standard composition of two per centum copper and two per centum nickel; and

(c) a variation from the said standard diameter of 0.125 millimetres per coin.

(3) The said cupro-nickel coin may contain impurities of three-quarters of one per centum.

(4) The said cupro-nickel coin shall be legal tender for the payment of any amount in any part of Our United Kingdom.

DESIGN OF THE COINS

6. The design of the said coins shall be as follows:

‘For the obverse impression Our effigy with the inscription “ELIZABETH · II · D · G · REG · F · D · FIVE POUNDS · 2014”, and for the reverse the effigy of Queen Anne enclosed by baroque decoration including the Royal Arms from the reign of Queen Anne and surrounded by the inscription “QUEEN ANNE DEI GRATIA 1665-1714”. The coins will have a graining upon the edge’.

7. This Proclamation shall come into force on the seventh day of November Two thousand and thirteen.

Given at Our Court at Buckingham Palace, this sixth day of November in the year of our Lord Two thousand and thirteen and in the sixty-second year of Our Reign.

GOD SAVE THE QUEEN

(1936290)

BY THE QUEEN

A PROCLAMATION

DETERMINING THE SPECIFICATIONS AND DESIGN FOR TWO-POUND COINS COMMEMORATING THE CENTENARY OF THE FIRST WORLD WAR

ELIZABETH R.

Whereas under section 3(1)(a), (b), (cc), (cd), (d) and (dd) of the Coinage Act 1971 We have power, with the advice of Our Privy Council, by Proclamation to determine the denomination, the design and dimensions of coins to be made at Our Mint, to determine the weight and composition of coins other than gold coins or coins of silver of Our Maundy money and the remedy to be allowed in the making of such coins to provide for the manner of measurement of the variation from the standard weight of the coins and to determine the percentage of impurities which such coins may contain:

And Whereas under section 3(1)(f) and (ff) of the Coinage Act 1971 We have power, with the advice of Our Privy Council, by Proclamation to direct that coins made at Our Mint other than gold, silver, cupro-nickel and bronze coins shall be current and that any coin shall be legal tender for the payment of any amount:

And Whereas under section 6(2) of the Coinage Act 1971 We have power, with the advice of Our Privy Council, by Proclamation to prescribe the composition of the standard trial plates to be used for determining the justness of coins of any metal other than gold, silver or cupro-nickel:

And Whereas it appears to Us desirable to order that, to commemorate the centenary of the First World War, there should be made at Our Mint coins of the denomination of two pounds in gold, in silver, and in cupro-nickel and nickel-brass, having joined concentric inner and outer sections, being in gold with a different coloured gold outer section, in silver with a gold-plated outer section and in cupro-nickel and nickel-brass with a cupro-nickel inner section and a nickel-brass outer section:

We, therefore, in pursuance of the said section 3(1)(a), (b), (cc), (cd), (d), (dd), (f) and (ff), the said section 6(2), and of all other powers enabling Us in that behalf, do hereby, by and with the advice of Our Privy Council, proclaim, direct and ordain as follows:

GOLD COIN

1. (1) A new coin of gold of the denomination of two pounds shall be made, being a coin of a standard diameter of 28.4 millimetres, being circular in shape and having joined concentric inner and outer sections.

(2) Without prejudice to section 1(2) of the Coinage Act 1971, the inner and outer sections may consist of different alloys.

(3) The approximate diameter of the inner section shall be 20 millimetres.

(4) The variation from the standard weight will be measured by weighing each coin separately.

SILVER COIN

2. (1) A new coin of silver of the denomination of two pounds shall be made, being a coin of a standard weight (including the gold plate) of 12 grammes, a standard diameter of 28.4 millimetres, a standard composition (excluding the gold plate) of 925 parts per thousand fine silver, being circular in shape, and having joined concentric inner and outer sections, the outer section being plated with fine gold.

(2) In the making of the said silver coin a remedy (that is, a variation from the standard weight, composition or dimensions specified above) shall be allowed of an amount not exceeding the following, that is to say:

(a) a variation from the said standard weight of an amount per coin of 0.095 grammes for the inner and outer sections;

(b) in relation to those parts of the coin other than the gold plating, a variation from the said standard composition of five parts per thousand fine silver; and

(c) a variation from the said standard diameter of 0.125 millimetres per coin.

(3) The variation from the standard weight will be measured as the average of a sample of not more than one kilogram of the coin.

(4) The approximate diameter of the inner section shall be 20 millimetres.

(5) The said silver coin shall be legal tender for the payment of any amount in any part of Our United Kingdom.

SILVER PIEDFORT COIN

3. (1) A new coin of silver of the denomination of two pounds shall be made, being a coin of a standard weight (including the gold plate) of 24 grammes, a standard diameter of 28.4 millimetres, a standard composition (excluding the gold plate) of 925 parts per thousand fine silver, being circular in shape, and having joined concentric inner and outer sections, the outer section being plated with fine gold of a standard weight of plating of 0.085 grammes.

(2) In the making of the said silver coin a remedy (that is, a variation from the standard weight, composition or dimensions specified above) shall be allowed of an amount not exceeding the following, that is to say:

(a) a variation from the said standard weight of an amount per coin of 0.145 grammes for the inner and outer sections;

(b) in relation to those parts of the coin other than the gold plating, a variation from the said standard composition of five parts per thousand fine silver; and

(c) a variation from the said standard diameter of 0.125 millimetres per coin.
