## *Activity Description*

Preserving and promoting the study of Cornwall's china clay mining heritage.

Encouraging fun, learning, achievement and community involvement for rural young people.

Enabling young people with complex disabilities to access the performing arts through workshops and acclaimed performances.

Providing professional specialist support to survivors of rape, sexual assault and abuse.

Engaging visitors in the multiple aspects of Exeter's rich and varied history.

Bringing together people from across the community to transform the lives of all those touched by dementia.

Bringing to life the wonderfully diverse heritage of rural West Dorset and making it available to all.

Providing a community centre, inspiring young people to be the best they can.

Keeping local traditions alive by passing them on to the next generation and sharing them with the wider community.

Dedicated to ensuring that no-one feels alone when facing the impact of a brain tumour diagnosis.

Bringing people together and developing their skills whilst enabling the reuse of household items.

Providing meals, company, activities and support for the elderly. More than just a lunch club.

Working towards a sustainable Western Somerset through projects to tackle climate change that improve lives of local people.

Promoting local pride since 1996, through horticulture, community participation and environmental responsibility.

Supporting visually impaired people to reduce isolation, improve wellbeing and increase independence.

Supporting Wivey Link, The 10 Parishes Community and Wiveliscombe Library.

Making everyone's experience of coming to hospital as welcoming and stress-free as possible.

Volunteers running a local Bristol icon, The Matthew of Bristol, the ship that put North America on the map.

Providing an affordable community centre, with activities to enhance the wellbeing and health of local people.

Re-introducing the Great Bustard, the world's heaviest flying bird, to Wiltshire and the United Kingdom.

Improving the wellbeing of patients and families in the NHS spinal injury centre in Salisbury.

Supporting families experiencing Motor Neurone Disease, fundraising, campaigning and increasing awareness.

Helping those affected by Parkinson's stay physically, socially and mentally active.
