

3. The “vesting date” for any mines and minerals comprised in the land specified in a declaration will be the first day after the end of the period mentioned in paragraph 2 above, unless a counter-notice is served under Schedule A1 to the 1981 Act⁵ within that period. In such circumstances, the vesting date for the mines and minerals comprised in the land which is the subject of the counter-notice will be determined in accordance with Schedule A1.

MODIFICATIONS WITH RESPECT TO CERTAIN TENANCIES

4. In the case of certain tenancies, the position stated above is subject to modifications. The modifications apply where the tenancy is either a “minor tenancy”, i.e. a tenancy for a year or a yearly tenancy or a lesser interest, or “a long tenancy which is about to expire”. The latter expression means a tenancy granted for an interest greater than a minor tenancy but having on the vesting date a period still to run which is not more than the period specified in the declaration for this purpose (which must be more than a year). In calculating how long a tenancy has still to run, where any option to renew or to terminate it is available to either party, it shall be assumed that the landlord will take every opportunity open to him to terminate the tenancy while the tenant will use every opportunity to retain or renew his interest.

5. The modifications are that the Acquiring Authority may not exercise the right of entry referred to in paragraph 2 in respect of land subject to a tenancy described in paragraph 4 unless the Acquiring Authority first serves notice to treat in respect of the tenancy and then serves every occupier of the land with a notice of intention to enter and take possession after the period (not less than 14 days⁶ from the service of the notice) specified in the notice. The right of entry will be exercisable at the end of that period. The vesting of the land will be subject to the tenancy until the end of that period or until the tenancy comes to an end, whichever happens first.
