The Second Edition of

**LES MOEURS; or, MANNERS:**

**L** Accurately Translated from the French. Wherein the Principles of Morality, or Social Duties, viz. Piety, Wisdom, Prudence, Fortitude, Justice, Temperance, Love, Friendship, Humanity; &c. &c. are described in all their Branches; the Obligations of them shown to consist in our Nature, and the Enlargement of them strongly enforced. Here Parents are taught, that, giving Birth to a Child, scarcely entitles them to that honourable Name, without a strict Discharge of Parental Duties; the Friend will find, there are a Thousand other Decorums, besides the doing of a Favour, to entitle him to the tender Name of Friend; and the Good-natur'd Man will find, he ought to extend that Quality beyond the Bounds of his own Neighbourhood or Party.

The Whole wrote in a Manner entirely New and Entertaining, and enliven'd with real Characters, drawn from Life, and fitted to instill the Principles of all social Virtues into tender Minds.

Printed for W. Johnston at the Golden Ball in St. Paul's Church Yard.
