P R E S E N T,

Their Excellencies the Lords Justices in Council.

WHEREAS their Excellencies the Lords Justices have received Information, that the Plague hath lately broke out within the State or Dominion of *Algiers* in *Africa*, and that great Numbers of Persons die daily thereof—Their Excellencies have therefore thought proper, for preventing the said Infection from being brought into this Kingdom, to Order, as it is hereby ordered, with the Advice of his Majesty's Privy Council, That the Quarantine of Forty Days, now subsisting by Orders of his Majesty in Council of the 18th of *June* 1747, and 28th of *June* 1749, upon all Ships and Vessels coming from any of the Ports in *West Barbary* upon the *Atlantick Ocean*, or from any of the Ports in the *Streights of Gibraltar* on the *Barbary Coast*, or any other of the Ports on that Coast in the *Mediterranean*, lying between the said *Streights* and *Cape de las Tres Forcas* in the Kingdom of *Fez*, be extended Eastward upon the *African Coast*, from the said *Cape de las Tres Forcas* to *Cape Rufara* in the Kingdom of *Barca*—And that all Ships and Vessels already arrived and not unladen, or that shall hereafter arrive in the Ports of this Kingdom, from any of the Ports or Places between the said two Capes, be put under the like Quarantine, and required to pursue the same Rules, Regulations, and Directions, as are contained in his Majesty's aforementioned Orders in Council:—And the Lords Commissioners of his Majesty's Treasury, the Commissioners for Executing the Office of Lord High Admiral of Great Britain, the Lord Warden of the Cinque Ports, the Lieutenant-General and the rest of the Principal Officers of the Ordnance, and his Majesty's Secretary at War, are to give the necessary Directions herein, as to them may respectively appertain.

Warsaw, *June* 28. Count *Branicki*, Great General of the Crown Army, has sent Circular Letters to every particular District, enjoying them to require such Deputies as they shall appoint to assist in their Name at the General Diet of the Kingdom, to be at *Loficz*, in the Palatinate of *Podlachia*, on Friday the 7th of *August* next. We learn from *Polsania*, that a most violent Storm of Rain and Hail, accom-

panied with Thunder and Lightning, happened there on the 16th Instant, which did a vast deal of Mischief. The Thunder appeared most terrible, and the Lightning falling on a Church in the Town of *Schroeder*, soon reduced it to Ashes, with about thirty Houses that adjoined to it. According to our last Advices from the Frontiers of *Volhinia*, they have been for this Fortnight past greatly pestered with surprizing Flights of Locusts, which have devoured almost every Thing Green, both in their Fields and Gardens.

Prague, *July* 4. Field Marshal Prince *Lobkowitz* returned hither from *Raudnitz* the 24th of last Month, and on the 27th set out for *Hungary*. Count *Keyserling*, the late Russian Envoy Extraordinary at the Court of *Dresden*, arrived here from thence on Friday last, with a numerous Retinue, and the next Day continued his Journey for *Vienna*, to which Court he is appointed to reside as Ambassador Extraordinary from the Empress of *Russia*.

Dresden, *July* 5. The King has disposed of the Place vacant in the Ministry by the Death of Count *Hennicke*, in Favour of Count *Stubenberg*. The King has likewise appointed the late Count *Hennicke's* Son to be Director of the Chamber of Accompts of the Revenues of *Mersebourg* and *Naumbourg*; and the Post of Vice-Chancellor, which Count *Stubenberg* has resigned on this Occasion, has been given by his Majesty to *M. Stammers*, Counsellor of the Court. Prince *Albert*, who has been for some Days past very much indisposed, is now much better. 'Tis reported that a Treaty of Marriage is on Foot between the Princess *Maria Christiana*, their Majesties Daughter, and the Infant *Don Pedro* of *Portugal*, and that the same will take Place soon after the King's Return from *Poland*, whose Departure from hence for that Kingdom is fixed for the 20th of next Month.

Augsbourg, *July* 5. According to our last Advices from *Lichtenbourg*, the Elector of *Bavaria* is perfectly recovered of the Measles, and sets out on Friday next with the Electress his Spouse for their Palace at *Nymphenbourg* for the Remainder of the Summer. The Baron de *Widman*, Minister Plenipotentiary from their Imperial Majesties to divers Princes and Circles of the Empire, arrived here on Saturday last from *Munich*, and set out the next Day for *Nurembourg*, in order to terminate some Disputes which have arisen between the Princes of the Circle of *Franconia*. We learn from *Brunswick*, that the Feasts given on Account of the Marriage of the Princess *Julia Maria*, with
