AT the Council Chamber *Whitehall*, the 26th Day of *October* 1752,

P R E S E N T,

Their Excellencies the Lords Justices in Council.

Their Excellencies the Lords Justices in Council were this Day pleased to order, that the Parliament which stands prorogued to Tuesday the 31st of this Instant *October*, should be further prorogued to Thursday the 11th Day of *January* next.

Whitehall, *October* 28.

We have received an Account from *Lisbon*, that on the 19th of *September* last, the *Pernambucco* Fleet, with 18 Merchant Ships and one Man of War of 50 Guns, arrived at that Port: A Lieutenant and eight French Mariners came as Passengers on Board this Fleet, being the only Persons who had been saved out of a French East India Ship of 60 Guns and 350 Men, which left Port *L'Orient* in *April* last, and was bound to *Pondicherry*; but having unhappily taken Fire about 100 Leagues from the Coast of *Brazil*, the whole Crew perished, except these nine Men, who escaped in a small Boat. There were several Passengers of Distinction on Board, particularly *M. de la Touche*, who commanded at the Siege of *Pondicherry*, and there were likewise Magnificent Presents for the Nabobs and chief People of that Country, and about three Millions of *Livres* in Specie, and 600 Barrels of Powder.

ABSTRACT of several Acts of Parliament, now in Force, which were made for preventing His Majesty's Subjects from Trading to the East-Indies, under Foreign Commissions; and from being interested or concerned in any Foreign East-India Company to be erected.

BY the following Acts of Parliament now in Force, and which were made, for preventing His Majesty's Subjects from Trading to the East-Indies under Foreign Commissions; and from being interested, or concerned, in any Foreign East-India Company, to be erected; it is enacted as follows, *viz.*

And all the Goods, and Merchandize, that shall be bartered or traffick'd for, in the East-Indies or purchased there, by any such Offenders, or that shall be found in his Custody, or in the Custody of any other Person, by his Order, or Procurement, are declared to be forfeited, with double the Value thereof.

9th Geo. I. Cap. 26.] By an Act passed in the 9th Year of His late Majesty King George the First, all His Majesty's Subjects are prohibited from subscribing, contributing to, encouraging, or promoting, the raising, establishing, or carrying on, any Foreign Company, from, and after, the 24th Day of *June*, 1723, to be raised, formed, or erected, for Trading to the East-Indies, and from being interested in, or intitled to, any Share in the Stock, or Capital, of such Foreign Company, under Forfeiture of all his, her, or their Interest, in the Capital, Principal, Stock, or Actions, of any such Foreign Company, together with Treble the Value thereof.

And the Attorney-General is empowered to exhibit Bills of Complaint in the Court of Chancery, or Court of Exchequer, against such Offenders, for the Discovery of such Offence; which Discovery such Offenders are obliged to make on the Attorney-General's waving in such Bill, the said Forfeiture of the Treble Value, and insisting only on the Single Value thereof; And in such Case, the Single Value is to be decreed to be paid by such Offender.

And that every Subject of His Majesty accepting of any Trust, or knowing of any Interest, Share, Part, Proportion, or Concern, which any other of His Majesty's Subjects shall have, or be intitled to, in any such Foreign Company; and who shall not, within Six Months, next after the Accepting such Trust, or coming to the Knowledge of such Interest, Share, Proportion, or Concern, as aforesaid, truly discover the same in Writing to the East-India Company, or their Court of Directors, shall forfeit Treble the Value of the Interest so accepted in Trust, or so known and not discovered, as aforesaid; and any Person making such Discovery, is intitled to a Moiety of the Forfeiture.

And

And all His Majesty's Subjects, (other than such as are lawfully authorized thereunto,) going to, or found in the East-Indies, are declared guilty of a High Crime, and Misdemeanor, and are made liable to Corporal Punishment, Imprisonment, or Fine, for the same, at the Discretion of such of His Majesty's Courts of Record at Westminster, where the Prosecution for such Offence shall be commenced.

Lisbon, Sept. 20. The King has conferred the Dignity of a Count of this Kingdom on Don Sebastian de Carvalho, Secretary of State for Foreign Affairs, by the Title of Count Deyras. A few Days ago some Domesticks belonging to Count Aubigny, the new French Ambassador to this Court, arrived here with great Part of his Equipage, and the Count himself is expected some Time next Month. We are informed by our last Letters from Spain, that four Men of War, and ten armed Chebecks, were sailed from Carthagena, to cruize on the Barbary Pyrates, who have lately appeared in great Numbers on the Coast of Andalusia.

Naples, Sept. 26. The Court is still at Portici, where there was a grand Appearance of the Nobility and Gentry on Saturday last, to compliment his Majesty, it being the Anniversary of his Brother the King of Spain's Birth-Day. Their Majesties intended Journey to Caserta is put off for the present. The Chevalier Majo, who is appointed to take Care of the Affairs of this Court at that of Vienna, in the Room of Prince Campo Reale, waits only for his last Instructions, in order to set out for that Court.

Petersbourg, Sept. 29. Her Imperial Majesty having informed the Senate of her Intention to set out for Moscow the Beginning of December next, they have accordingly given Orders for getting every Thing ready against that Time for her Departure. Lieutenant General Brown, and M. Biberstein, Director General of the Posts in Lithuania, are both created Knights of the Order of St. Alexander Newsky. We learn by Letters from Moscow, that a Fire had lately broke out in that Part of the Town called Nova-Basmanowna, which had burnt down many Houses and Warehouses. The same Letters add, that the Houses burnt down by the late great Fires, were for the most Part rebuilt.

Rome, Sept. 30. The Pope has caused an Ordonnance to be published, forbidding, under severe Penalties, the sending of Corn out of the Ecclesiastical State, on Account of the Shortness of our Crops this Year in many Places.

Florence, Sept. 30. Count Richcourt, President of the Council of this Regency, having received Orders to repair to Vienna, proposes to set out for that Place the Beginning of next Week. There is now no more Talk of reinforcing the Garrisons of this Country, or those of Lombardy; on the Contrary, 'tis said, that some Regiments of Horse, that are become useless here by the late Treaty of Madrid, for securing the Tranquility of Italy, will soon be ordered to march from hence into Germany.

Stockholm, Oct. 6. On Monday Morning last the King came here from Drotningholm and assisted at the Deliberations of the Senate; and in the Afternoon his Majesty returned to Drotningholm. General Count Mark, Commander of the Swedish Troops in Finland, is arrived here from thence; and 'tis said the 8000 Men, who went from hence some Time ago to work at the Fortifications in that Province, will soon be ordered Home. The Convention lately concluded with the Crown of Denmark, for settling the Limits in Norway, is made publick, and appears entirely calculated to strengthen the present good Understanding between the two Courts.

Dresden, Oct. 10. According to our last Advices from Poland, their Majesties, accompanied by the Princes Xavier and Charles, arrived at Grodno on the 30th of last Month. The same Advices add, that the Day after their Arrival, the General Diet of the Kingdom was opened with the usual Ceremonies; when Count Masalsky, Son to the Castellan of Wilna, was unanimously elected Marshal.

Copenhagen, Oct. 14. Last Night ended the Publick Rejoycings here, which have been kept three Days successively, for the Reception of the Queen of Denmark. The Particulars whereof, which were as usual on such Occasions, are as follow: On the 11th Instant, the Day appointed for the Entry, her Danish Majesty, accompanied in her Coach by the Princess Charlotte, set out from Fridericksberg between Two and Three in the Afternoon, preceded by a great Number of fine Equipages, as well as Gentlemen on Horseback, and escorted by the Guards. In this Manner her Majesty proceeded hither, very slowly, and arrived at the Palace of Christiansburg about Six o'Clock, where she was received by the King. In the Streets, thro' which the Procession passed, there were several Triumphal Arches erected; the Houses on each Side being painted and adorned with Variety of Devices, and the Cannon of the Ramparts keeping a continual Fire from the Time her Majesty's Coach appeared within the Walls, till she alighted out of it at the Palace. There a magnificent Supper concluded the Evening, and each of the Guests received a large Silver Medal upon the Subject of the Day. On the 12th in the Forenoon, two new built Ships were launched, one of Seventy Guns, called Juliana Maria, in Honour of the Queen, and the other of Forty, called Moen, at which both their Danish Majesties assisted. This Ceremony being over, they returned to Court, where there was an elegant Dinner at several Tables. In the Afternoon a Danish Comedy, with an Italian Intermezzo, was

was performed in the publick Theatre at the King's Expence; and in the Evening there was a magnificent Supper again at Court, followed by a Ball. On the 13th the Court gave an elegant Dinner, as before; in the Afternoon a French Comedy, and at Night a Supper and a Ball. The Town House, and all the Houses about the Palace, as well as several others, were finely illuminated in the Evenings of each of the three Days. The University likewise bore a considerable Part in this Festivity, by Speeches, Verses, and conferring of Degrees; and the Citizens, besides the Parade of their Militia, and other publick Demonstrations, had private Entertainments in their respective Houses.

Dusseldorp, Oct. 16. The States of this Dutchy, and those of Juliers, have opened their Assembly this Morning. We learn from Cologne, that a Fire broke out on Thursday last at a Wine Merchant's in that City, which burnt with great Violence, and reduced that, and several other Houses, entirely to Ashes.

Brussels, Oct. 17. M. Bellanger, Counsellor of the Domains and Finances of her Imperial Majesty in the Low Countries, is named to be one of the Council of State. M. Dupuy, who went some Time ago to Namur, to take an exact Account of the Revenues of the Clergy in that Province, is daily expected to return here from thence. The Government has ordered the Duty that used to be paid for the bringing of French Gold and Silver Lace into this Country, to be considerably diminished.

Hague, Oct. 19. Her Royal Highness the Princess Governante has been pleased to appoint M. van Eck, Major of the Town of Arnheim, to be Commandant of that Place. Yesterday died M. Roelands, Principal of the Chamber of Finances, and he is already succeeded in that Employment by M. Basscourt. We are informed by Letters from Hanover, that his Britannick Majesty intends to set out from thence for England on the 8th of next Month.

The Right Honourable the Lieutenant General and Principal Officers of his Majesty's Ordnance give Notice, that they will be ready on Tuesday the 31st of this Instant, to Treat with any Owners or Masters of Ships for Freight of Stores, Timber and Deals, to Gibraltar, being about 220 Tons; and that they may attend with their Proposals accordingly at the Tower. In the mean Time, the particular Species of Stores may be known, by enquiring of Mr. Robert Bennet at the Tower. Dated at the Office of Ordnance the 24th Day of October 1752.

DR. JAMES'S Powder for FEVERS, and other Inflammatory Distempers, published by Virtue of His MAJESTY'S ROYAL LETTERS PATENT, will remove (as has been experienced in many thousand Cases) any continual acute Fever in a few Hours, though attended with Convulsions, Light-headedness, and the worst Symptoms: But if taken in the Beginning of a Fever, one Dose is generally sufficient to perform a Cure. *

It is likewise a most effectual Remedy for all internal Inflammation, Pleurisy, Quincies, acute Rheumatism, and the Lowness of Spirits, and Uneasinesses proceeding from slow and latent Fevers, which are generally mistaken for Vapours and Hysterics; and a single Dose remarkably stops the Progress of a Cold, and certainly prevents the ill Consequences arising from that very common Disorder, the Source of almost all Distempers.

This Powder (which is a very safe and pleasant Medicine to take) is sold only by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over-against the North Door of the Church, at 2 s. 6 d. the two Doses, with good Allowance to those who buy it for charitable Uses, or to sell again.
