Hicks's-Hall, Middlesex, May 23, 1755.

At a Meeting this Day of the Justices appointed by the Lords of His Majesty's Privy Council, by their Order of the 25th of November 1745, to put in Execution his Majesty's several Orders of Council within the County of Middlesex in relation to the infected Cattle.

Whereas the Time draws near for holding a Fair in this County called Welch Fair, for the selling of Horned Cattle, which said Fair used to be held at Islington but lately has been held at Barnett. And whereas we have Cause to believe the said Infection, which during the Summer Time in this County has greatly decreased, has for some Years, by Reason of this Fair, broke out again and raged very much during the Months of September, October, and November.—Therefore, in order to prevent such spreading of the said Distemper, and in pursuance of the Powers and Authorities given, as well by his Majesty's Orders in Council, as by the several Acts of Parliament in that Behalf made, we do Order and Direct, that no Fair or Market, or other publick Place of Sale, be held or kept within the said County for the Sale of Horned Cattle (except fat Cattle for immediate Slaughter) from the 15th Day of August next, to the 10th Day of October following; and that no Person or Persons shall or do presume to drive, send, or remove, or cause to be driven, sent, or removed, any Horned Cattle (except fat Cattle for immediate Slaughter) to any Fair, Market, or other publick Place of Sale in this County, within the Time before mentioned, under the Pains, Penalties and Forfeitures mentioned, set or imposed by his Majesty's said Orders in Council, or the said Acts of Parliament, or any of them in that Case made. And for the notifying this Order, it is further directed, that the same be forthwith inserted in the London Gazette, the Daily Advertiser, and London Evening Post. By Order of the Justices,

John Lane, Clerk.

Thomas Lane.
Richard Ricards.
Philip Dyot.

DR. JAMES'S Powder for FEVERS, and other Inflammatory Distempers, published by Virtue of His MAJESTY'S ROYAL LETTERS PATENT, will remove (as has been experienced in many thousand Cases) any continual acute Fever in a few Hours, though attended with Convulsions, Light-headedness, and the worst Symptoms: But if taken in the Beginning of a Fever, one Dose is generally sufficient to perform a Cure.

It is likewise a most effectual Remedy for all internal Inflammation, Pleurisy, Quincies, acute Rhenmatism, and the Lowness of Spirits, and Uneasinesses proceeding from slow and latent Fevers, which are generally mistaken for Vapours and Hysterics; and a single Dose remarkably stops the Progress of a Cold, and certainly prevents the ill Consequences arising from that very common Disorder, the Source of almost all Distempers.

This Powder (which is a very safe and pleasant Medicine to take) is sold by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over against the North Door of the Church, at 6 o'clock the two Doses, with good Allowance to those who buy it for charitable Uses, or to sell again; and by James Esdall, Printer, on the Blind Quay, Dublin.

See a Dissertation on Fevers, and other Inflammatory Distempers, sold at the Place above-mentioned, Price 6d.
