

Cases published at the Request of a worthy Clergyman who administer'd the Medicines, continued.

MMARGERY Watkins, of the Parish of Kilpeck, Herefordshire, was seized (Sept. 12) with the same Symptoms as her Sister Mary Minton. She took two Doses, 20 Grains each, of Dr. James's Powder, and immediately recovered.

John Parry, of the same Parish, a robust strong Man; was (Nov. 7) taken with alternate Fits of Heat and Cold, which continued two or three Days, in which Time he was twice blooded. A Fever attended with the Symptoms, as in the Case of Mary Minton, and an Inflammation of the Lungs succeeded. He was again blooded, and took two or three Cooling Draughts. Nov. 15 he became delirious, and the Inflammation so violent he could scarce breathe. He now took two Doses, 20 Grains each, of Dr. James's Powder; which had no visible Effect. The Delirium was without Intermission, and a Twitching of the Tendons now appeared. He took a large Dose of Musck and Nitre, and stimulating Cataplasms were applied to his Feet. Nov. 17 Dr. James's Powder was repeated. His Urine now deposited a copious Sediment, and a fourth Dose completed the Cure.

Lettice Bevan, of the same Parish, aged about 25, of an Hectic constitution, was taken (Nov. 10) with the before-mentioned Symptoms, in the Case of Mary Minton. She lost ten Ounces of Blood in the Beginning of the Disorder. She was reduced so low by the 15th of the same Month, that herself and Friends despaired of her Recovery. Her Pulse was extremely low and trembling, and Extremities cold. She took three Doses, 10 Grains each, of Dr. James's Powder; but, from a settled Persuasion that 'twas impossible for any Medicine to save her Life, she could not be prevailed upon to take any more: These, however, gained her a Respite of a Fortnight longer, in all which Time she was able to take no Sustenance but Balm-tea. Nov. 29 and Dec. 1, she took two Doses, 20 Grains each, of the Powder, which discharged by Vomit a great Quantity of yellow, putrid Matter; and soon after she fell into a sound Sleep, which was the more refreshing, as she had not closed her Eyes for three Weeks before. 'Tis almost incredible that the Fever was so radically cured, and this Patient recovered her Strength to such a Degree as to be able to act as Nurse, and to watch alternately in the long Illness of Ann Parry, which commenced about a Week after; and yet this is a well-attested Matter of Fact.

[The following Case is related more particularly and circumstantially, as it will prove beyond Contradiction the Innocence and Safety, as well as the great Virtue and Efficacy, of these Excellent Powders.]

Ann Parry, of the same Parish, then very big with Child, and much fatigued by her Attendance on her Husband in his Sickness, was December the 7th taken ill of this Fever. The whole Pleura was greatly affected with Stitches, and violent Pains extended themselves to the Head, Face, and Neck. She lost about 30 Ounces of fizy, dark-coloured Blood in the Beginning; and in Regard to her Circumstances the Cure was at first attempted by Nitrous and Saline Medicines, without any Manner of Effect. The Danger became every Day more imminent. Dec. 19 the Fever was settled in her Head, was attended with excruciating Pains, violent Heat, Thirst, Anxiety, &c. and she had been confined a Week to her Bed, in which Time she had not once slept. From the Beginning she had been very importunate for the Powders, which saved her Husband's Life. Accordingly this Night she took about seven Grains, which were repeated every six Hours to a third Time. The Operation was very gentle. Next Day, Dec. 20, in the Afternoon, the Fever, with all its Symptoms, entirely left her: An happy Event for herself and Family! for at Night Labour-Pains came on, and she was in two Hours delivered safely of a Child at its full Time. She continued well, her Condition considered, 'till Dec. 23, when the Symptomattick Fever appeared. Her Head was violently affected, and she grew delirious. The Powders were repeated, and the Dose increased with a proper Degree of Caution from 7 to 12 Grains. All Complaints were soon removed. Her Milk was preserved. She gives Suck to the Child, and both are perfectly well.

[I can't help taking Notice, That, tho' all these Patients returned immediately to their ordinary Diet and Employments, and some of them exposed themselves to the Violence of the worst Weather, none of them relapsed.]

These Powders were bought at Mr. Newbery's in St. Paul's Church Yard, who is the sole Dispenser of them, and this it was thought proper to mention, as the Cure, must undoubtedly depend on having the Medicine genuine.

By the KING's Patent,

HIS MAJESTY having been graciously pleased to grant his Royal Letters Patent, bearing Date at Westminster the 17th Day of October 1751, in the 25th Year of his Reign, unto Richard Rock, of the Parish of St. Bridget, otherwise Bride's, London, Licentiate in Medicine, for his New Compound Medicine, or Anti-Veneral Cathartick Electuary, for the true Cure of fresh Venereal Injuries, and all the lurking Relicks or Remains of old ones, which he has brought to a surprizing Degree of Perfection in the Cure of the several Stages of the Venereal Dissemper, from the slightest Infection to the most inveterate Degree thereof, without breaking or impairing the Constitution, enervating the human System, or leaving any Foulness or Weakness behind: This is therefore to acquaint the Publick, for whose Use and Benefit the said Letters Patent were principally obtained, that the said most admirable Electuary is sold by him at the Golden Head and Key, Bell Savage Inn Gateway, Ludgate-Hill, London, at only 6s. and a Book of plain Instructions (by the Help of which every one may be his own Physician) given with each Pot: Where Advice is to be had, and all Debilities, Obstructions of the urinary Passages, and Gleets, are absolutely cured.
