We the Censors of the College, being informed that very large Quantities of a Bark imported from North America, have been lately sold by publick Sale at Garraway's Coffee House as Jesuits Bark, have procured Samples of it, and, calling to us the Master and Wardens of the Apothecaries Company, have examined it, and find, that though it has the Appearance, it has not the Taste or Qualities of the true Jesuits or Peruvian Bark: We the Censors therefore, that we may not be wanting in an Affair of such Consequence to the Health and Lives of His Majesty's Subjects, think it our Duty to give this publick Notice to all Apothecaries, and other publick Dispensers of Medicines, desiring them not to purchase any Peruvian Bark without tasting and carefully examining it.
