*The following very remarkable Case of the Right Hon. the Marquis of Lindsey, Son to his Grace the Duke of Ancaster, is published by his Grace's Permission:*

**O**N Friday the last Day of December 1756, the Marquis of Lindsey, a Child of twenty Months old, on suspicion of the Measles, was bled to five Ounces, and no Signs of Inflammation appeared.

On Saturday the 1st of January 1757, about Five o'Clock in the Afternoon, the Measles appeared.

On Sunday the 2d they appeared full on his Face and Body.

On Monday the 3d they began to decline, and a Hoarseness, cough, and a Fever came on.

On Tuesday the 4th, in the Morning, they had quite disappeared, without leaving the least Redness, and the bad Symptoms increased. He was then bled to five Ounces, the Blood shewing no Signs of Inflammation; and about Three in the Afternoon, the Apothecary, who attended him, found more violent Symptoms, such as increased Heat, wheezing Cough, universal languor, and fluttering Pulse, on which he immediately applied Blisters to the Back and Arms, and Dr. Baker, Physician at Stamford, was sent for, who arrived about Eight o'Clock on Tuesday Night, and found the Fever very high, and the Cough violent.

On Wednesday Morning, the 5th, the Symptoms rather abated, a Clyster was given him, and at Three in the Afternoon, (at which Time the Fever was very violent) three Ounces of Blood were taken from him, which shewed no Marks of Inflammation. He bore this Bleeding so very Ill, that it was with great Difficulty he was brought to himself; however, on his Recovery from the Faintings, he appeared relieved, and had a tolerable Night.

All Thursday Morning, the 6th, he continued easy, but, at Three o'Clock in the Afternoon, he was seized with great Difficulty of Breathing, and seemed in the utmost Danger. Two Blisters were then applied to the Legs, and as the Case became doubtful (notwithstanding Dr. Baker had with great Judgment prescribed every Thing that seemed proper in his Case) the Duke desired that Dr. James's Powder might be given, and at the same Time requested Dr. Baker's Attendance during the Operation, to which he readily consented, and gave the greatest Satisfaction by his particular Care and Attention. Accordingly, at Five in the Afternoon, four Grains of Dr. James's Powders were given, which, in Thirty-nine Minutes, vomited him briskly for an Hour, and gave him two Stools; at Nine o'Clock three Grains more were given, in twenty Minutes he had one gentle Pulse, and went to sleep. The Pulse growing quicker in four Hours afterwards, which was One in the Morning, he took four Grains more, which immediately came up; he then vomited twice in an easy Manner, had two Stools, went to sleep, but continued vomiting and purging gently at distant Intervals, 'till Seven o'Clock Friday Morning.

On Friday Morning, the 7th, about Three o'Clock, the Fever left him, and he continued free from it 'till Nine at Night, when his Pulse rose a little; between Ten and Eleven he took four Grains more of the Powder, which, in forty Minutes, made him extremely sick; he had several Strains for two Hours, but never vomited. N. B. Though his Cough had been extremely troublesome before, 'twas remarkable he never coughed once during the two Hours of this Sickness; He then fell into a sound pleasant Sleep, and the Fever left him.

On Saturday Morning, the 8th, about Three o'Clock, 'twas observed his Breath had sweated through his Shirt and Gown, after which he seemed greatly relieved in his Breath and Cough. About Three in the Afternoon, as he seemed free from Fever, a Dose of Rhubarb was given him, and he remained free from Disorder, except a gentle Cough.

**DR. JAMES'S Powder for FEVERS,** and other Inflammatory Distempers, published by VIRTUE of His MAJESTY'S ROYAL LETTERS PATENT, will remove (as has been experienced in many thousand Cases) any continual acute Fever in a few Hours, though attended

with Convulsions, Light-headedness, and the worst Symptoms; But if taken in the Beginning of a Fever, one Dose is generally sufficient to perform a Cure.

It is likewise a most effectual Remedy for all internal Inflammation, Pleurifies, Quincies, acute Rheumatism, and the Lowness of Spirits, and Uneasinesses proceeding from slow and latent Fevers, which are generally mistaken for Vapours and Hysterics; and a single Dose remarkably stops the Progress of a Cold, and certainly prevents the ill Consequences arising from that very common Disorder, the Source of almost all Distempers.

This Powder (which is a very safe and pleasant Medicine to take) is sold by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over-against the North Door of the Church, at 2 s. 6 d. the two Doses, with good Allowance to those who buy it for charitable Uses, or to sell again.
