

more proper for Him now to thank you for it, than to repeat His Exhortations to it. This Union, necessary at all Times, is more especially so in such critical Conjunctures; and His Majesty doubts not, but the good Effects we have found from it, will be the strongest Motives to you to pursue it.

*Munster, Nov. 18.* The British Troops decamped this Morning, and are marched into Winter Quarters. M. de Contades's Army was in full March to repass the Rhine, at Cologne, Dusseldorp and Wesel; and there is no Appearance of their Intention of keeping Troops on this Side of that River. The Prince de Soubise's Army had evacuated Munden; and from Appearances there was Reason to believe, that they had actually left, or soon would leave, Cassel.

*Hague, Nov. 21.* By Accounts from Saxony we learn, that Dresden was invested by the Austrians since the 8th or 9th of this Month. In the mean while the King of Prussia had marched with most surprising Expedition from Silesia into Lusatia, and arrived with his Army at Bautzen on the 13th; as about the same Time General Wedel and Count Dohna did between Dresden and Torgau: And the whole Force of the Prussians was to rendezvous near Dresden on the 16th. It is confidently said too, that the Prince of Deux Ponts had recalled his Detachments from Halle and Leipzick, so that those Cities are freed from their Apprehensions of an Assault.

**DR. JAMES's Powder for FEVERS,** and other Inflammatory Distempers, published by Virtue of His MAJESTY's ROYAL LETTERS PATENT, will remove (as has been experienced in many thousand Cases) any continual acute Fever in a few Hours, though attended with Convulsions, Light-headedness, and the worst Symptoms; But if taken in the Beginning of a Fever, one Dose is generally sufficient to perform a Cure.

It is likewise a most effectual Remedy for all internal Inflammation, Pleurifies, Quincies, acute Rheumatisms, and the Lowness of Spirits, and Uneasinesses proceeding from slow and latent Fevers, which are generally mistaken for Vapours and Hysterics; and a single Dose remarkably stops the Progress of a Cold, and certainly prevents the ill Consequences arising from that very common Disorder, the Source of almost all Distempers.

This Powder (which is a very safe and pleasant Medicine to take) is sold by J. Newbery at the Bible and Sun in St. Paul's Church-yard, London; and by Mrs. Smart, at Mr. M'Mahon's, in Cappic-street, Dublin; at 2 s. 6 d. the two Doses, with good Allowance to those who buy it for charitable Uses, or to sell again.

See a Dissertation on Fevers, and other Inflammatory Distempers, sold at the Place above-mentioned. Price 6 d.
